Master of Education in Teaching and Learning

The Master of Education (MEd) in Teaching and Learning is designed for professionals seeking advanced studies in education. The program supports students' development as scholarly practitioners through coursework and a comprehensive portfolio, which includes an applied research project. The program examines teaching and learning, with an emphasis on culturally responsive education, in Alaska and similar contexts. In consultation with a faculty advisor, each student identifies a professional concentration related to professional practice and career aspirations.

Admission Requirements

- Complete the Admission Requirements for Graduate Degrees (http://catalog.uaa.alaska.edu/academicpoliciesprocesses/admissions/graduate/).
- Complete the School of Education MEd Admission Requirements (http://catalog.uaa.alaska.edu/graduateprograms/soe/ #medrequirementstext).
- Complete the Department of Teaching and Learning application packet, including:
 - A resume documenting at least one year¹ of appropriate professional experience
 - · An essay writing sample
 - Two letters of reference
- Contact the School of Education's Department of Graduate Studies in Education and Leadership for more information: (907) 786-4450.

Background Check Requirements

See School of Education Field Placements (http://catalog.uaa.alaska.edu/graduateprograms/soe/#fieldplacementtext).

Graduation Requirements

- Complete the General University Requirements for Graduate Degrees (http://catalog.uaa.alaska.edu/graduateprograms/degreerequirements/).
- Complete the School of Education MEd Graduation Requirements (http://catalog.uaa.alaska.edu/graduateprograms/soe/ #medrequirementstext).
- Students complete a portfolio that demonstrates attainment of the Program Student Learning Outcomes. The portfolio, developed in EDTL A698, includes an applied research project, selected artifacts, and reflections on personal learning.
- Complete the following major requirements:

Course should be completed within the first 12 credits of program coursework.

A minimum of 30 credits is required for the degree.

Program Student Learning Outcomes

Students graduating with a Master of Education in Teaching and Learning will be able to:

- Demonstrate advanced content and pedagogical knowledge for teaching.
- Use research to inform professional practice.
- Explain the relationship between education and social justice.
- Demonstrate leadership skills for the professional context.
- Translate educational theories into culturally responsive practice.

¹ First-year teachers who have completed an approved preservice program and are working as professional educators will be considered for admission.

² The 3 required credits should be taken as follows: 1 credit at the beginning of program, 1 credit in the middle of program, and 1 credit at the end of program. Contact an advisor for more information.
