Aviation Tech/Prof Piloting (ATP)

Courses

**ATP A100 Private Pilot Ground School 3 Credits**
Prepares students for Federal Aviation Administration (FAA) Private Pilot Airplane Knowledge Test. Includes basic aerodynamics, aircraft systems, engine operation, flight instruments, radio communication, navigation, weather information and weather dissemination services. Covers Federal Aviation Regulations (FARs) and the Aeronautical Information Manual (AIM).

**Prerequisites:** (MATH A055 with a minimum grade of C or concurrent enrollment or ALEKS Overall Test 1 with a score of 30 or ALEKS Overall Test 2 with a score of 30 or ALEKS Overall Test 3 with a score of 30 or ALEKS Overall Test 4 with a score of 30 or ALEKS Overall Test 5 with a score of 30) and (ENGL A109 with a minimum grade of C or WRTG A110 with a minimum grade of C or WRTG A111 with a minimum grade of C or WRTG A112 with a minimum grade of C or WRTG A213 with a minimum grade of C or WRTG A214 with a minimum grade of C or WRTG A215 with a minimum grade of C or (Accuplacer-Reading Comp with a score of 080 and Accuplacer-Sentence Skills with a score of 090) or Accuplacer-Sum AASS + AARE with a score of 170 or (Accuplacer NG Writing with a score of 265 and Accuplacer NG Reading with a score of 265) or Accuplacer NG AAWR + AARE with a score of 530 or ACT English with a score of 265 or SAT Critical Reading Score with a score of 560 or SAT Verbal Score with a score of 560).

**ATP A101 Pre-Professional Flying 2 Credits**
Provides beginning flight instruction for students intending to become professional pilots.

**Special Note:** Open-entry/open-exit.

**Registration Restrictions:** FAA Student Pilot Certificate, FAA Class II Medical Certificate and department approval. Prerequisites can be waived with a passing score on Current Private Pilot Airplane Knowledge Test.

**Prerequisites:** ATP A100 with a minimum grade of B.

**ATP A103 Part 61 Private Pilot 2 Credits**
Provides beginning flight instruction for students intending to become professional pilots, receive their Federal Aviation Administration Private Pilot Certificate, or convert other certification to include a Airplane Single Engine Land.

**Special Note:** Open-entry/open-exit. Three hours in Flight Training Device required. This course does not apply toward the Restricted ATP certificate. Fees will vary based on an hourly fee.

**Registration Restrictions:** ATP A100 or concurrent enrollment or passing score on Private Pilot Knowledge Test. Department approval required. FAA Student Pilot and current FAA medical certificate required.

**ATP A104 Flying Alaska Bush 3 Credits**
Provides specialized discussion concerning unique flying conditions faced by Alaskan pilots. Covers basic aerodynamics, mountain flying, skis, floats, wheels, judgment of unimproved landing areas, characteristics of Alaskan weather, external loads, and emergency field maintenance.

**Registration Restrictions:** Private Pilot Certificate or higher rating

**ATP A116 Instrument Ground School 3 Credits**

**Special Note:** Two hours in a Flight Training Device (FTD) is required.

**Registration Restrictions:** FAA Private Pilot Certificate or equivalent

**Prerequisites:** ATP A100 with a minimum grade of C and ATP A101 with a minimum grade of C.

**ATP A126 Instrument Flying 2 Credits**
Fulfills Federal Aviation Administration (FAA) flight training requirements for an Instrument Airplane rating under Federal Aviation Regulation (FAR) Part 141.

**Special Note:** Open-entry/open-exit.

**Registration Restrictions:** Department approval and, if course prerequisite is not met, FAA Private Pilot Certificate and current FAA second class medical certificate

**Prerequisites:** ATP A116 with a minimum grade of C or concurrent enrollment.

**ATP A200 Commercial Ground School 3 Credits**
Provides preparation for the Federal Aviation Administration (FAA) Commercial Pilot Knowledge Test. Includes advanced studies of private pilot topics, high performance and complex aircraft, commercial flight maneuvers, and commercial Federal Aviation Regulations (FARs).

**Registration Restrictions:** FAA Private Pilot Certificate or equivalent

**ATP A218 Commercial Flying I 1.5 Credit**
Provides flight training to review basic private pilot maneuvers and to introduce the advanced flight maneuvers required of a commercial pilot.

**Special Note:** Open-entry/open-exit.

**Registration Restrictions:** Private Pilot Certificate. Department approval required.

**Prerequisites:** ATP A116 with a minimum grade of C and ATP A200 with a minimum grade of C or concurrent enrollment.

**ATP A219 Commercial Flying II 1.5 Credit**
Provides flight training to build proficiency and experience in cross-country flying and night operations. Includes introduction to complex airplanes.

**Special Note:** Open-entry/open-exit.

**Registration Restrictions:** Department approval

**Prerequisites:** ATP A218 with a minimum grade of C.

**ATP A220 Commercial Flying III 2 Credits**
Develops proficiency required to pass the FAA Commercial Pilot Practical Flight Test.

**Special Note:** Open-entry/open-exit.

**Registration Restrictions:** Department approval

**Prerequisites:** ATP A219 with a minimum grade of C.
ATP A225 Tailwheel Airplane Transition 1 Credit
Intended for pilots wishing to transition from tricycle gear airplanes to tailwheel airplanes.
Special Note: Open-entry/open-exit.
Registration Restrictions: FAA Commercial Pilot Airplane Single-Engine Certificate
Prerequisites: ATP A220 with a minimum grade of C.

ATP A231 Search, Survival, and Rescue 3 Credits
Deals with situations that develop from lost or downed aircraft; survey of principles of survival in all types of climates, with emphasis on Arctic environments. Organization for search and rescue with emphasis on systems and operational methods used in Alaska.
Prerequisites: ATA A233.

ATP A235 Elements of Weather 3 Credits

ATP A300 CFI Ground School 3 Credits
Prepares students for the Federal Aviation Administration (FAA) Certified Flight Instructor Knowledge Test. Includes principles of teaching and learning, analysis of student motivation, flight training syllabus, and the flight instructor’s role and responsibilities. Covers performance and analysis of flight training maneuvers, advanced aerodynamics, fundamentals of instrument flight, flight training publications, and Federal Aviation Regulations (FARs).
Registration Restrictions: Departmental approval required.

ATP A301 CFI Flying 2 Credits
Addresses Federal Aviation Administration (FAA) flight training requirements and required knowledge for obtaining a Certified Flight Instructor (CFI) certificate under Federal Aviation Regulations (FAR) Part 141.
Special Note: Open entry/open exit.
Registration Restrictions: FAA Commercial Pilot Certificate with Instrument Rating or equivalent. Departmental approval required.
Prerequisites: ATP A220 with a minimum grade of C and ATP A300 with a minimum grade of C or concurrent enrollment.

ATP A305 Airplane Multiengine Land Rating 2 Credits
Provides flight and ground instruction for Professional Piloting students seeking the Federal Aviation Administration (FAA) Airplane Multiengine Land Rating.
Special Note: Open entry/open exit.
Registration Restrictions: Department approval
Prerequisites: ATP A220 with a minimum grade of C or concurrent enrollment.

ATP A320 Flight Dynamics 3 Credits
Applies selected physical and mathematical principles to the analysis and prediction of aircraft performance. Presents general methods for analyzing and predicting aircraft performance in all flight regimes. Builds on knowledge introduced in previous pilot ground and flight courses, aviation weather courses, science, and mathematics courses.
Registration Restrictions: Junior or senior standing
Prerequisites: AMT A171 with a minimum grade of C and ATP A200 with a minimum grade of C and (MATH A151 with a minimum grade of C or MATH A152 with a minimum grade of C).

ATP A332 Transport Aircraft Systems 3 Credits
Describes and examines the components of transport aircraft systems, their design, performance, capabilities, limitations, interrelationships, and contribution to the operation, safety, efficiency and economy of the aircraft.
Prerequisites: ATP A200.

ATP A405 Additional CFI Rating 2 Credits
Provides flight instruction for Professional Piloting students seeking additional ratings on their Flight Instructor Certificate, e.g., Instrument and/or Multi-engine.
Special Note: Open-entry/open-exit.
Registration Restrictions: Certified Flight Instructor Certificate required. Department approval required.

ATP A433 Aerospace Physiology 3 Credits
Surveys and explores the physiological information significant to pilots and others in the aviation community. Discusses the importance of physiological factors involved in flight.
Prerequisites: ATA A331 with a minimum grade of C.
