

Master of Arts in Teaching

The Master of Arts in Teaching (MAT) is a secondary education certification program intended to prepare students for a career in teaching. It is an intensive experience for the dedicated graduate student who has both academic preparation in a content area taught in the public schools and significant life experience. The secondary education certificate program integrates coursework and field experiences to meet Alaska and national teacher education standards. Graduates of the secondary education program are prepared to become educators who are:

- Excited about teaching and learning in content-based classrooms.
- Committed to a life of thoughtful practice.
- Dedicated to working with all children, their families and support personnel.
- Knowledgeable in the appropriate subject matter and skilled in how to teach it.
- Committed to the highest standards of professional ethics.

Admission Requirements

The application deadline for the secondary education certification program is April 15. Students must apply for admission to both the University of Alaska Anchorage and the School of Education.

Admission to the program is competitive and based on a review of the applicant's credentials. Applicants must complete the secondary education certification program application packet available from the school website (<http://www.uaa.alaska.edu/coe>). It must include the following:

1. Satisfy the Admissions Requirements for Graduate Degrees (<http://catalog.uaa.alaska.edu/academicpoliciesprocesses/admissions/graduate>).
2. Successfully complete the Praxis Core: Academic Skills for Educators. *Note: when taking the exam, please check UAA as a receiving institution.*
3. Demonstrate evidence of content area preparation aligned with areas of content-specific teaching endorsement (Biology, Chemistry, Earth Science, English/Language Arts, Mathematics, Music, Physical Education, Physics, Social Studies, or World Languages) through a Content Preparation Review conducted and approved by an appropriate school of Education faculty advisor.
4. Submit an essay addressing questions based on the secondary education certification program purpose and outcomes, as described in the application packet.
5. Submit two letters of recommendation that speak directly to the applicant's qualifications and experience with children and adolescents to be admitted to the secondary education certification program and her/his choice of teaching as a career. At least one of the letters should address the academic expertise in the endorsement area.

Note: Qualified applicants are accepted on a space-available basis. Admission to the secondary education certification program does not guarantee admission to the advanced practicum or internship.

Admission to the Internship*

To apply for the internship, students must complete the following:

1. Submit an application form for admission to the internship. Contact SOE Student Services for more information.
2. Earn a passing score on the state approved Praxis Content Area Examination for your content area. Specific DEED approved tests required for the program are identified in the program application packet. *Note: when taking the exam, please check UAA as a receiving institution.*
3. Submit completed State of Alaska Student Teacher Certification Authorization application form. The State of Alaska requires fingerprinting and a background check prior to internships in public schools. The School of Education requires compliance with specific background clearance policies and procedures for candidates participating in university-sponsored fieldwork. Failure to pass the criminal history background check or failure to comply with the School of Education background check requirements will result in removal from the program. Contact SOE Student Services for more information.
4. Complete school district specific application for internship placement. Contact SOE Student Services for more information.

* *Students seeking certification in K-12 content areas (Music and Physical Education) begin internships in the fall semester; students seeking certification in secondary education (7-12) content areas (Biology, Chemistry, Earth Science, English/Language Arts, Mathematics, Physics, Social Studies, or World Languages) begin internships in the spring semester. Contact SOE Student Services for specific deadlines for admission to the internship.*

Additional Information

- Students enrolled in the secondary education certification program must maintain a minimum GPA of 3.00, with no individual course grade lower than a C, or B where specified. EDFN A478 and EDFN A649 require a minimum grade of B. Courses with grades less than a C, including those used to demonstrate content knowledge on the Content Preparation Review, may not be applied to meet certification or endorsement requirements.
- The internship is a full-time placement in a public-school setting. Interns are expected to be present in schools the same hours as school district teachers. Reference the Internship Handbook for more detailed information.
- All program requirements and internships must be completed successfully in order to obtain a State-Approved Program Verification Form for teacher certification.

Graduation Requirements

- Satisfy the General University Requirements for Graduate Degrees (<http://catalog.uaa.alaska.edu/graduateprograms/degree requirements>).

- Complete the program requirements below.

Program Requirements

There are two grade level options in the secondary education certification program: secondary education (7-12) and K-12. The grade level option an applicant selects is based on the teaching endorsement area.

Secondary Education 7-12

Secondary education (7-12) teaching endorsement areas are:

- Biology
- Chemistry
- Earth Science
- English/Language Arts
- Mathematics
- Physics
- Social Studies
- World Languages

Code	Title	Credits
Foundation Courses		
EDFN A478	Issues in Alaska Native Education, K-12 *	3
EDFN A601	Educational Philosophy, History and Sociology	3
Core Courses		
EDFN A641	Place, Culture and Responsibility	3
EDFN A649	Capstone Seminar: Inquiry in Teaching and Learning *	2
EDSE A637	Inclusive Teaching and Learning in Content Area Classrooms	3
EDSY A644	Learning Environments in Secondary Classrooms	3
EDSY A648	Developing Literacies in the 21st Century Classroom	3
Methods Courses		
EDSY A661	Assessment in Secondary Classrooms	3
Select one of the following: 3		
EDSY A663	Teaching English/Language Arts in Secondary Schools	
EDSY A664	Teaching Social Studies in Secondary Schools	
EDSY A665	Teaching Mathematics in Secondary Schools	
EDSY A667	Teaching World Language in Secondary Schools	
EDSY A669	Teaching Science in Secondary Schools	
Field Experiences		

EDFN A695	Internship	9
Total Credits		35

* *Minimum grade of B required. With departmental approval, EDFN A478 may be taken before formal admission to the secondary education certification program. If EDFN A478 is taken as part of an undergraduate program, it may be waived for the program.*

Candidates must also successfully complete a comprehensive portfolio demonstrating that they have met all of the applicable standards and a content-specific comprehensive exam.

A total of 35 credits is required for the degree.

K-12

K-12 teaching endorsements areas are:

- Music
- Physical education

Code	Title	Credits
Foundation Courses		
EDFN A478	Issues in Alaska Native Education, K-12 *	3
EDFN A601	Educational Philosophy, History and Sociology	3
Core Courses		
EDFN A641	Place, Culture and Responsibility	3

EDSE A637	Inclusive Teaching and Learning in Content Area Classrooms	3
EDSY A644	Learning Environments in Secondary Classrooms	3
EDSY A648	Developing Literacies in the 21st Century Classroom	3
Methods Classes		
Select one of the following sequences:		6
MUS A668A & MUS A668B	Methods for Teaching Music I, K-12 and Methods for Teaching Music II, K-12	
PEP A645 & PEP A646	Methods in Elementary Physical Education and Methods in Secondary Physical Education	
Field Experiences		
EDFN A695	Internship	9
Total Credits		35

* *Minimum grade of B required. With departmental approval, EDFN A478 may be taken before formal admission to the program. If EDFN A478 is taken as part of an undergraduate program, it may be waived for the program.*

Candidates must also successfully complete a comprehensive portfolio demonstrating that they have met all of the applicable standards and a content-specific comprehensive exam.

A total of 35 credits is required for the degree.

Professional Field Experiences

The secondary education program includes a comprehensive internship experience in an educational setting. Internship placements are arranged and supervised by university faculty in partnership with the principal and staff from the public school. University coursework and classroom practice are closely linked and communication about performance in both the coursework and classroom practice is shared among the partners.

Performance in the internship must meet stated competencies and individual outcomes. Performance evaluations determine the candidate's progress toward meeting the State of Alaska Standards for Beginning Teachers, the Alaska Standards for Culturally Responsive Schools, and the specialized professional associations.

It is expected that interns will demonstrate appropriate professional dispositions with respect to their actions, attitudes and performance. Teacher candidates are required to abide by the State of Alaska Code of Ethics of the Education Profession. Unacceptable academic performance, an unprofessional attitude, unsatisfactory field reports, violation of professional ethics or other factors may result in removal from the field experience and denial of the State-approved Program Verification Form for teacher certification.

Internship placements are made by the School of Education in partnership with participating school districts, which may request additional information and/or preparation from university candidates according to the district's established policies and practices. Because cooperating districts also determine the number of placements available for candidates, placement may become competitive if the number of applicants exceeds the number of spaces. Districts also reserve the right to refuse or terminate placements when candidates do not meet a minimum standard of performance. While the university will make every effort to identify appropriate field experiences, admission to the secondary program does not guarantee an internship placement. The university offers placements across the state of Alaska. Out-of-state placements will require additional approvals and are not guaranteed.

State-Approved Verification Form

To obtain a State-Approved Verification Form for teacher certification, candidates must have:

- Completed all program requirements and courses with a minimum grade of C, or B where specified.
- Maintained a cumulative 3.00 GPA in the secondary education certification program.

- Achieved passing scores on the Praxis Core Exam and Praxis Content Area Exam.
- Satisfactorily completed internship(s).
- Met all standards listed in the standards-based Initial Endorsement Content Preparation Review.

Alaska certification note: Certification is awarded by the State of Alaska through the Alaska EED in Juneau. Graduates must meet all requirements specified by EED at the time of application for certificate.

Program Student Learning Outcomes

Student outcomes for the program are based on the Alaska Beginning Teacher Standards (ABTS) (http://www.eed.state.ak.us/standards/pdf/beginning_teachers.pdf) and Alaska Standards for Culturally Responsive Schools (CS) (<http://www.ankn.uaf.edu/publications/standards.html>) and the specialized professional associations. Students graduating with a Master of Arts in Teaching will be able to:

- Demonstrate and examine how their educational philosophy affects their teaching in the classroom. (ABTS 1, CS I)
- Demonstrate application of learning theory, effective instructional planning and practice, and assessment processes for all students. (ABTS 2, 5, CS II, V)
- Demonstrate knowledge of the individual and cultural diversity in Alaskan communities and schools and apply that knowledge in educational practice. (ABTS 3, CS III)
- Demonstrate content and pedagogical knowledge in the endorsement area as specified by the appropriate Specialized Professional Association (SPA) - NCTM, NSTA, NCSS, NCTE, ACTFL, NASM, etc. (ABTS 4, CS IV)
- Demonstrate technological knowledge and proficiency to enhance instructional practice. (ABTS 5, CS V)
- Demonstrate an appropriate learning environment including effective classroom management. (ABTS 6, CS VI)
- Demonstrate participation in and contribution to the profession by maintaining high professional standards, including collaboration and communication (both oral and written), with all stakeholders in the university and school community. (ABTS 7, 8, CS III, VII, VIII)
- Complete the MAT program and receive an Institutional Recommendation for initial licensure. (ABTS 1-8, CS I-VIII)
