

Master of Science in Nursing Science

In the Master of Science in Nursing Science program, there are three available options that include: family nurse practitioner (FNP), psychiatric mental health nurse practitioner (PMHNP), and nursing leadership with a concentration in nursing education (NLDR-EDU).

Graduate studies at the master's level place primary emphasis upon advanced professional nursing practice, theory, research and health care delivery systems. Master's level studies provide the student with a basis for further study at the doctoral level.

- Graduates of the FNP option are eligible to take the national certification examination for advanced professional practice as a family nurse practitioner offered by the American Nurses Credentialing Center (ANCC) or the American Academy of Nurse Practitioners (AANP).
- Graduates of the PMHNP option are eligible to take the national certification exam for advanced professional practice as a psychiatric mental health nurse practitioner (across the lifespan) offered by ANCC or AANP.
- Graduates of the NLDR-EDU option are eligible to take the National League of Nursing (NLN) Certified Nurse Educator (CNE) Examination.

This program is designed to meet the educational requirements for professional licensure or certification in the State of Alaska. However, the program might not meet the educational requirements for professional licensure or certification in other states. Please see UAA's Licensure and Certification website (<https://www.uaa.alaska.edu/academics/office-of-academic-affairs/licensure.cshtml>) for more information.

Part-Time Study

The master's program is designed to be completed in six to ten semesters of part-time study. Enrollment in any specialty course requires formal admission to the specialty option. Students interested in full-time study should explore options with the program faculty advisor.

Scheduling of Courses

The FNP and PMHNP options are hybrid. Core courses and some specialty courses are completely online, with synchronous or asynchronous delivery. The FNP and PMHNP clinical courses and physical assessment are in a hybrid format with short face-to-face intensives required (usually 1-2 campus visits per semester). Additional course work is held throughout the semester at scheduled times, with students participating live via software programs or video conferencing. The NLDR-EDU option can be completed online, with class time being synchronous or asynchronous. The practicum courses are in a hybrid format with a short face-to-face intensive required on campus.

FNP, PMHNP and NLDR-EDU clinicals must be completed in the state of Alaska and in most instances clinical is done in the student's own community. Decisions for clinical sites are based on there being

adequate experiences and preceptors locally that allow the student to meet the course and program outcomes.

The associate, baccalaureate, master's, post-master's certificate nursing programs at University of Alaska Anchorage at the Alaska campuses located in Anchorage, Alaska are accredited by the: Accreditation Commission for Education in Nursing (ACEN).

Accreditation Commission for Education in Nursing (<https://www.acenursing.org/>)
3390 Peachtree Road NE, Suite 1400
Atlanta, Georgia 30326
Phone: (404) 975-5000

The most recent accreditation decision made by the ACEN Board of Commissioners for the associate, baccalaureate, master's, post-master's certificate nursing program is continuing accreditation.

View the public information disclosed by the ACEN regarding this program at <https://www.acenursing.org/search-programs> (<https://www.acenursing.org/search-programs/>).

Admission Requirements

- Complete the Admission Requirements for Graduate Degrees (<https://catalog.uaa.alaska.edu/academicpoliciesprocesses/admissions/graduate/>).

School of Nursing Admission Deadlines

Information on admission deadlines can be found on the SON website. (<http://www.uaa.alaska.edu/schoolofnursing/>)

- The Psychiatric Mental Health Nurse Practitioner (PMHNP), Family Nurse Practitioner (FNP), and Nursing Leadership in Education (NLDR-EDU) options admit once a year and have a specific deadline for applications.

School of Nursing Admission Requirements

To be eligible for the master's program applicants must submit documentation of the following:

- Bachelor or graduate degree in nursing from a program accredited by the Accreditation for Education in Nursing (ACEN) or the Commission on Collegiate Nursing Education (CCNE);
- Minimum undergraduate or graduate GPA of 3.00 (B) on a 4.00 scale. A student who does not have a minimum GPA of 3.00 may substitute their graduate UAA GPA (based on completion of three graduate core courses and earning a 3.00 or higher in each course);
- Minimum grade of 2.00 (C) in an undergraduate or graduate research methods course and a statistics course that covers descriptive and inferential statistics;
- Registered professional nurse license in the state of Alaska. License must remain active and unencumbered while in the School of Nursing (SON) graduate program. There are different reasons for a license to be encumbered and some may not preclude admission to the program. Students with encumbered licenses should meet with the graduate program chair to determine program eligibility;

- Minimum of one year of full-time clinical experience as a registered nurse;
- If enrolled in a previous graduate nursing program, a letter of good standing from the program director is required unless a degree was conferred;
- All clinical courses must be completed in the state of Alaska.

School of Nursing Admission Process

The UAA School of Nursing application process can be found on the SON website (<http://www.uaa.alaska.edu/schoolofnursing/>).

Additional School of Nursing Requirements

Prior to the commencement of the nursing program, students must provide documentation for the following:

- **Immunizations:** Proof of rubella, rubeola, and mumps vaccination or titer; varicella (chickenpox) vaccination or titer; Hepatitis B titer demonstrating immunity; Hepatitis A titer demonstrating immunity; diphtheria/tetanus vaccine within the past ten years; influenza vaccine within the previous twelve months.
- **Freedom from active tuberculosis:** Verified annually by a negative PPD skin test or by a health examination conducted by a nurse practitioner, physician, or physician's assistant.
- **Current certification in cardiopulmonary resuscitation (CPR):** Required for infants, children, and adults.
- **Additional requirements:** May include, but are not limited to, drug screening, additional vaccinations, and/or clinical facility-specific requirements.
- **Eligibility determination from a national-level criminal background check.**
- **Professional liability insurance:** Specific information regarding acceptable policies can be obtained directly from the program.
- **Proof of health insurance:** The school assumes no responsibility for illnesses and injuries experienced by students during their clinical experiences. Students who are injured while completing clinical assignments are responsible for all associated medical costs.
- **Proof of registered professional nurse license in the state of Alaska:** License must remain active and unencumbered while in the School of Nursing (SON) graduate program. Students with encumbered licenses should meet with the graduate program chair to determine program eligibility.

Furthermore, students enrolled in clinical courses must arrange their own transportation to clinical assignments and may need to purchase uniforms and specialized equipment.

FNP & PMHNP Clinical Requirements

Alaska clinical site decisions are based on the availability of qualified preceptors and agencies that provide adequate experiences so the student can meet the course and program outcomes. Whenever possible we assign sites in or near a student's home community. Student clinical hours must follow the preceptors' work schedules (usually M-F). All students are encouraged to take advantage of clinical learning

opportunities throughout Alaska in both urban and rural settings. Both nurse practitioner options require 750 hours of direct patient care.

NLDR-EDU Clinical Requirements

All clinical/practicum hours must be completed in Alaska with qualified preceptors/mentors and agencies. Faculty must pre-approve all agencies and preceptors/mentors.

Academic Requirements

Students enrolled in the master's degree program must make continuous progress toward completion of the degree and remain in good standing with the School of Nursing (SON). A detailed schematic of the SON good standing policy can be found in the SON Graduate Handbook (<http://www.uaa.alaska.edu/schoolofnursing/studenthandbooks.cfm>). Noncompliance with the good standing policy and academic expectations will result in probation and possible dismissal from the program. To remain in good standing students must:

- Maintain professional and academic standards at all times;
- Earn a minimum 3.00 (B) in all required coursework;
- Maintain continuous enrollment each term until degree is granted, following plan of study.

Graduation Requirements

- Complete the General University Requirements for Graduate Degrees (<https://catalog.uaa.alaska.edu/graduateprograms/degree requirements/>).
- Complete the program requirements below for one of the following options: FNP, PMHNP, or NLDR-EDU.

Family Nurse Practitioner and Psychiatric Mental Health Nurse Practitioner Options

Code	Title	Credits
Core Courses ¹		
NSG A613	Advanced Practice Informatics	2
NSG A618	Role Development in Advanced Nursing	2
NSG A618A	Advanced Nursing Leadership	2
NSG A619	Nursing Health Policy	2
NSG A621	Knowledge Development for Advanced Nursing Practice	2
NSG A627	Practice Inquiry I: The Nature of Evidence	3
NSG A633	Statistics for Advanced Practice	3
Total		16

¹ Students seeking a second master's degree may petition to have core courses waived based on evaluation of prior graduate degree.

Complete one of the following options:

Code	Title	Credits
Family Nurse Practitioner Option		
NSG A601	Advanced Pathophysiology	3

NSG A602	Advanced Health Assessment in Primary Care	4
NSG A610	Pharmacology for Primary Care	3
NSG A611	Psychopharmacology for Advanced Nursing	3
NSG A660	Family Nurse Practitioner I	5
NSG A661	Family Nurse Practitioner II	4
NSG A662	Family Nurse Practitioner III	5
NSG A663	Family Nurse Practitioner IV	7

Code	Title	Credits
Psychiatric Mental Health Nurse Practitioner Option		
NSG A601	Advanced Pathophysiology	3
NSG A602	Advanced Health Assessment in Primary Care	4
NSG A610	Pharmacology for Primary Care	3
NSG A611	Psychopharmacology for Advanced Nursing	3
NSG A670	Advanced Practice Psychiatric and Mental Health Nursing I	6
NSG A671	Advanced Practice Psychiatric and Mental Health Nursing II	5
NSG A672	Advanced Practice Psychiatric and Mental Health Nursing III	4
NSG A673	Advanced Practice Psychiatric and Mental Health Nursing IV	6
Total		34

A minimum of 50 credits is required for the degree.

Nursing Leadership in Education Option

All NLDR-EDU students complete the core and specialty courses in nursing education.

Code	Title	Credits
Core Courses ¹		
NSG A648	Nurse Leader and Educator Role	3
NSG A650	Evidence-Based Practice for Nursing Leaders	3
NSG A652	Technology and Informatics for Nurse Educators	3
NSG A653	Leadership Focus in Population Health	3
Total		12

¹ Students seeking a second master's degree may petition to have core courses waived based on evaluation of prior graduate degree.

Complete the following specialty courses:

Code	Title	Credits
Nursing Leadership in Education Option		
NSG A649	Best Practices in Teaching and Learning in Nursing Education	4
NSG A651	Advanced Pathophysiology, Pharmacology, and Health Assessment for Nurse Educators	4
NSG A654	Assessing Learning in Nursing Education	3
NSG A655	Curriculum Design and Program Assessment	3
NSG A656	Clinical Teaching, Simulation, and Evaluation	4
NSG A695A	Clinical Practicum in Population Health	2
NSG A695B	Teaching Practicum	4
Total		24

A minimum of 36 credits is required for the degree.
