

# Dispute Resolution Procedures for Student Record (FERPA) Decisions

---

All students have the right to inspect and review their education record. If the University decides not to amend a student's record as requested, students can challenge the decision under the procedures outlined in the university catalog. See the Family Educational Rights and Privacy Act (FERPA) section of the UAA catalog here (<http://catalog.uaa.alaska.edu/annualnotificationsdisclosures/>). Appeal procedures are summarized under number 2.
