

Employee Behavior

For complaints about UAA employee (faculty, administrative staff or student employee) conduct not covered elsewhere in these complaint procedures, contact the employee's supervisor or University of Alaska Human Resources.

Upon receipt of a complaint, the employee's supervisor will review the complaint and relevant information that is available and take action deemed appropriate to respond to the situation.

Additionally, anyone can submit an anonymous complaint about an employee's behavior to the UA Confidential Hotline (<https://www.alaska.edu/audit/hotline/>).
