

Bachelor of Fine Arts in Art

Program Student Learning Outcomes

Students graduating with a Bachelor of Fine Arts will be able to:

- Master techniques, composition, and the use of materials to express ideas in a cohesive body of work.
- Comprehend knowledge of contemporary and historical contexts in the visual arts.
- Apply critical thinking, writing and research skills in the discovery of original approaches to creative problem solving.
- Demonstrate professional skills to be a practicing artist as applied to art proposals, exhibitions and business matters.
