Honors in Chemistry

The Department of Chemistry awards departmental honors in chemistry to undergraduate students who show exceptional performance in all their coursework. To graduate with honors students must:

- Satisfy all requirements for a Bachelor of Science in Chemistry;
- Meet the requirements for Graduation with Honors (<http://catalog.uaa.alaska.edu/academicpoliciesprocesses/academicstandardsregulations/graduation/>);
- Maintain a minimum GPA of 3.50 in CHEM classes;
- Complete, with distinction, a written assignment in the style of a chemical journal based on the research performed in CHEM A498;
- Notify the Departmental Honors Committee in writing at the time they file their Application for Graduation with the Office of the Registrar that they intend to graduate with departmental honors.
