

# Occupational Endorsement Certificate in Applied Behavior Analysis

---

Behavior analysis explores principles of learning and the way that the environment influences behavior, addressing socially significant issues, such as: health promotion, substance abuse treatment, education, animal training, employee performance and workplace safety, and the intensive treatment of pervasive developmental disabilities, including autism spectrum disorders. Students are trained to function as entry- and mid-level practitioner-scientists to provide environmental support and address challenging behavior in diverse communities. The Occupational Endorsement Certificate in Applied Behavior Analysis is best suited for practicing professionals aiming to expand their professional development and students who have already graduated with a 4-year degree planning to work toward Board Certified Assistant Behavior Analyst® certification.

## Licensure and/or Certification

The UAA Department of Psychology offers an Association for Behavior Analysis International (ABAI®) verified coursework sequence. This verified coursework sequence, combined with hands-on supervised experience in the field and the Board Certified Assistant Behavior Analyst® (BCABA®) exam, lead to professional certification.

This program is designed to meet the educational requirements for professional licensure or certification in the State of Alaska. However, the program might not meet the educational requirements for professional licensure or certification in other states. Please see UAA's Licensure and Certification website (<https://www.uaa.alaska.edu/academics/office-of-academic-affairs/licensure.cshhtml/>) for more information.

## Admission Requirements

- Complete the Admission Requirements for Occupational Endorsement Certificates (<http://catalog.uaa.alaska.edu/academicpoliciesprocesses/admissions/undergraduate/>).

## Special Considerations

- Complete supervised practicum experience with a community agency providing behavioral services.

## Graduation Requirements

- Complete the General University Requirements for Occupational Endorsement Certificates (<http://catalog.uaa.alaska.edu/undergraduateprograms/oecrequirements/>).
- Complete the following major requirements with a minimum grade of C:
