Associate of Applied Science in General Business

The Associate of Applied Science (AAS) in General Business provides students with a general knowledge of entrepreneurship, human resource management, business law concepts, marketing, and financial statement analysis. Students will gain a better understanding of for-profit and not-for-profit businesses, issues of social responsibility, business ethics, and forms of business ownership.

To provide maximum transferability to a Bachelor of Business Administration, it is recommended that students meet with an advisor to selectively choose courses.
