

Minor in Economics

The Minor in Economics provides students with broad exposure to economics and develops core analytical and critical thinking skills. The minor is flexible, allowing students to choose from a wide range of courses in economics including behavioral economics, resource and energy economics, pandemic economics, economic development, health economics, econometrics, and business forecasting.

Students majoring in another subject who wish to minor in economics must complete the following requirements.¹

Code	Title	Credits
ECON A101	Principles of Microeconomics	3
ECON A102	Principles of Macroeconomics	3
Any economics elective (100-400)		3
Upper-division economics electives		9
Total		18

¹ *Not available to Bachelor of Arts and Bachelor of Business Administration in Economics majors.*

A total of 18 credits is required for the minor; 9 credits must be upper-division.
