

Minor in International Business

The International Business Minor prepares students to work successfully in the global business environment. Today's employers are looking for university graduates with strong knowledge of international markets, skills in sourcing vendors, managing diverse workforces, and connecting with customers with different cultural backgrounds. International business students build global leadership skills that allow them to assess the complex problems in global business settings and implement effective and innovative solutions.

Students who wish to minor in international business must complete the following requirements. Prerequisites for these courses must also be satisfied. All courses must be completed with a minimum grade of C. Students pursuing a baccalaureate degree outside the College of Business and Public Policy (CBPP) should see the CBPP Student Advising Center for departmental approval.

Code	Title	Credits
