

Associate of Applied Science in Human Services

Program Student Learning Outcomes

Students graduating with an Associate of Applied Science in Human Services will be able to:

- Apply the skills and competencies necessary to assess clients' individual needs: develop and implement a plan of action.
- Demonstrate knowledge of the National Organization for Human Services (NOHS) Standards for Ethical Behavior in their professional work.
- Demonstrate active listening, and counseling skills, dealing effectively with conflict, clarifying expectations, and establishing rapport.
- Apply knowledge to working in community-based human services organizations.
