

Associate of Applied Science in Physical Therapist Assistant

Program Student Learning Outcomes

Students graduating with an Associate of Applied Science in Physical Therapist Assistant will be able to:

- Exhibit professional behavior in their role as responsible physical therapist assistants, adhering to appropriate ethical, legal and regulatory standards.
- Engage in evidence-based practice, responding to the dynamics of a changing healthcare system.
- Integrate the principles of the physical, biological and behavioral sciences with the clinical practice of physical therapy.
- Communicate effectively and sensitively with patients, families and other members of the health care team.
