

Bachelor of Arts in Legal Studies

The Bachelor of Arts (BA) in Legal Studies provides students with a broad educational background in American law and policy that prepares them well for a lifetime of informed civic participation. Students will also acquire the technical skills and specialized knowledge that will enable them to build a career working in federal and state agencies or court systems, in a variety of legal service settings, in private law offices or corporate legal departments, and in a multitude of other public and private organizations where familiarity with government regulation and legal processes is required. The program also lays the academic foundation for students who later wish to advance to graduate programs in law or public policy. The program is approved by the American Bar Association.

Please note that students obtaining the BA in Legal Studies are not authorized to provide direct legal services to the public. The program offers training for paraprofessionals who are authorized to perform substantive legal work under the supervision of a licensed attorney. The program does not train lawyers.
