Associate of Applied Science in Diagnostic Medical Sonography

The Associate of Applied Science (AAS) in Diagnostic Medical Sonography is designed for individuals who already have training and experience in a profession that provides direct care or treatment to people. This program prepares competent entry-level general sonographers in the cognitive (knowledge), psychomotor (skills) and affective (behavior) learning domains. Examples of examinations performed by sonographers include abdominal, gynecological, fetal, breast, vascular, small part and superficial structures. Graduates are prepared to sit for a national certification exam in diagnostic medical sonography.

Diagnostic medical sonographers provide patient services in a variety of medical settings assisting physicians with assessing and diagnosing medical conditions as well as monitoring fetal development. Diagnostic medical sonographers use specialized equipment that produces high-frequency soundwaves to create images of organs, tissues and blood vessels within the body. Examples of examinations that can be performed by sonographers include abdominal, gynecological, fetal, breast, vascular, small parts and superficial structures.

Licensure and/or Certification

The Associate of Applied Science (AAS) in Diagnostic Medical Sonography prepares students for the Sonography Principles and Instrumentation, Abdomen, and Obstetrics and Gynecology examinations from the American Registry of Diagnostic Medical Sonographers (ARDMS) and the Sonography examination from the American Registry of Radiologic Technologists (ARRT).

Please go to UAA’s Authorization by State (https://www.uaa.alaska.edu/academics/office-of-academic-affairs/provost_office/uaa-state-authorization/authorization.cshtml/) website for information about licensure or certification in a state other than Alaska.

Admission Requirements

- Complete the Admission Requirements for Associate Degrees (http://catalog.uaa.alaska.edu/academicpoliciesprocesses/admissions/undergraduate/).
- Complete the following courses with a minimum grade of C:
  - WRTG A111 or WRTG A1W in transfer
  - WRTG A212 or WRTG A213 or WRTG A2W in transfer
  - BIOL A111
  - BIOL A112
  - MA A101
  - MA A104
  - MATH A105
  - PHYS A123 or RADT A151

- Submit a diagnostic medical sonography program application according to instructions and deadlines on the program website (https://www.uaa.alaska.edu/academics/college-of-health/departments/school-of-allied-health/academics/diagnostic-medical-sonography/applicationprocedure.cshtml/).

- Provide documentation of:
  - The following immunizations: Hepatitis B titer showing immunity, Hepatitis A, MMR, TDap, Varicella, Influenza vaccine within the previous twelve months, and two step PPD text or Quantiferon Gold
  - Current Basic Life Support for Healthcare Providers certification

All students will initially be admitted to pre-major status. Admission to pre-major status does not guarantee subsequent admission to the major. As a pre-major, students work with an advisor to assist them in completing pre-major requirements and preparing to apply to the full major. The program website (https://www.uaa.alaska.edu/academics/college-of-health/departments/school-of-allied-health/academics/diagnostic-medical-sonography/index.cshtml/) provides details on the admission requirements, process, and deadlines.

Special Considerations

- Once admitted to the full major, students will be required to submit results of a national-level criminal background check.
- Students will be required to physically attend at the main Anchorage campus the first year of full major status.
- Students may be required to complete clinical training at sites around the state during the second year to satisfy training and graduation requirements. The travel, lodging, and other associated costs with assignment outside the Anchorage area is at the student's expense.
- Students may be required to show proof of health insurance prior to the start of clinical training.

Graduation Requirements

- Complete the General University Requirements for Associate of Applied Science Degrees (http://catalog.uaa.alaska.edu/undergraduateprograms/aasrequirements/).
- Complete the General Education Requirements for Associate of Applied Science Degrees (http://catalog.uaa.alaska.edu/undergraduateprograms/aasrequirements/generaleducationrequirements/).
- Complete the following major requirements with a minimum grade of C:
A minimum of 83 credits is required for the degree.

**Program Student Learning Outcomes**

At the completion of the diagnostic medical sonography program, students are able to:

- Apply entry-level knowledge of physics, anatomy, physiology and pathophysiology related to sonography.
- Perform general sonography with continuing competency.
- Demonstrate proficiency in patient assessment and care activities related to sonography.
- Utilize effective oral and written communication with patients, physicians and other medical personnel.
- Employ professional and ethical judgment in the performance of sonographic duties.
