

Bachelor of Science in Dietetics

Program Student Learning Outcomes

Students graduating with a BS in Dietetics will be able to:

- Integrate scientific information and the translation of research into practice.
- Demonstrate beliefs, values, attitudes and behaviors for the professional dietitian nutritionist level of practice.
- Develop nutrition-related information, products and services to individuals, groups, and populations.
- Apply principles of management and systems in the provision of nutrition-related services to individuals and organizations.
