

# Minor in Legal Studies

Students seeking a baccalaureate degree in another subject may obtain a Minor in Legal Studies by completing the minor requirements set out below. The legal studies minor provides students with the technical skills and specialized knowledge to work under the supervision of lawyers in federal and state agencies or court systems, in a variety of legal service settings, in private law offices or corporate legal departments, and in a multitude of other public and private organizations where familiarity with government regulation and legal processes is required. The program also lays the academic foundation for students who later wish to advance to graduate programs in law or public policy. The program is approved by the American Bar Association.

Please note that students obtaining a legal studies minor are not authorized to provide direct legal services to the public. The program offers training for paraprofessionals who are authorized to perform substantive legal work under the supervision of a licensed attorney. The program does not train lawyers.

## Advising

1. Proficiency in the use of computers and standard office software is an important component of legal practice. Students are strongly encouraged to build their technological skills through Computer Information and Office Systems (CIOS), Computer Information Systems (CIS), or Computer and Networking Technology (CNT) courses as they progress through the minor.
2. Campus restrictions for this program are enforced in accordance with American Bar Association Guidelines for the Approval of Paralegal Education Programs.
