

Post-Baccalaureate Certificate in Paralegal Studies

The American Bar Association defines a paralegal as a person “who is employed or retained by a lawyer, law office, corporation, governmental agency or other entity and who performs specifically delegated substantive legal work for which a lawyer is responsible.” The Post-Baccalaureate Certificate in Paralegal Studies is designed for students who have completed a baccalaureate degree and wish to continue their education. It provides students with the technical skills and specialized knowledge to work under the supervision of lawyers in federal and state agencies or court systems, in a variety of legal service settings, in private law offices or corporate legal departments, and in a multitude of other public and private organizations where familiarity with government regulation and legal processes is required. The program is approved by the American Bar Association.

Please note that students obtaining a Post-Baccalaureate Certificate are not authorized to provide direct legal services to the public. The program offers training for paraprofessionals who are authorized to perform substantive legal work under the supervision of a licensed attorney. The program does not train lawyers.
