Program Student Learning Outcomes

At the completion of the AAS in Physical Therapist Assistant, students are able to:

• Exhibit professional behavior in their role as responsible physical therapist assistants, adhering to appropriate ethical, legal and regulatory standards.
• Engage in evidence-based practice, responding to the dynamics of a changing healthcare system.
• Integrate the principles of the physical, biological and behavioral sciences with the clinical practice of physical therapy.
• Communicate effectively and sensitively with patients, families and other members of the health care team.
