Associate of Applied Science in Physical Therapist Assistant

Physical therapist assistants (PTAs) provide physical therapy services under the direction and supervision of a physical therapist. PTAs help people of all ages and help people who have movement difficulties due to injury or disease get back to doing the things in their lives that they want and need to do. Unlike a physical therapist, the PTA cannot evaluate a patient, but can provide vital and ongoing assessment and treatment interventions toward specific short- and long-term goals.

Care provided by a PTA may include therapies designed to improve mobility, strength or function; to relieve pain; to prevent or limit disability; and to promote overall wellness and fitness.

Generally, PTAs are employed wherever physical therapists work. Hospitals, rehabilitation centers, nursing homes, home and public health agencies, schools, private physical therapy practices, and the armed forces are major employers.

The Associate of Applied Science (AAS) in Physical Therapist Assistant prepares students to become entry-level physical therapist assistants (PTAs). PTAs work in hospitals, rehabilitation centers, nursing homes, home and public health agencies, schools, private clinics and in the armed forces. They help people of all ages who have movement difficulties due to injury or disease get back to doing the things in their lives that they want and need to do.

The AAS in Physical Therapist Assistant is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE).

Licensure and/or Certification

Graduates of the AAS in Physical Therapist Assistant are eligible to sit for the National Physical Therapy Exam administered by the Federation of State Boards of Physical Therapy.

Please go to UAA's Authorization by State (https://www.uaa.alaska.edu/academics/office-of-academic-affairs/uaa-state-authorization/authorization.cshtml/) website for information about licensure or certification in a state other than Alaska.

Admission Requirements

- Complete the Admission Requirements for Associate Degrees (http://catalog.uaa.alaska.edu/academicpoliciesprocesses/admissions/undergraduate/).
- Complete, or be in progress of completing, the following courses with a minimum grade of B:
  - BIOL A111 and BIOL A111L
  - BIOL A112 and BIOL A112L
- Complete, or be in progress of completing, the following courses with a minimum grade of C:
  - Oral Communications General Education Requirement (GER) course

- MA A101
- MA A104
- PSY A111 or PSY A150
- WRTG A111 (or earn WRTG A1W in transfer)
- Submit a physical therapist assistant application according to instructions and deadlines on the program website (https://www.uaa.alaska.edu/academics/college-of-health/departments/school-of-allied-health/physical-therapist-assistant/).
- Provide documentation of current Basic Life Support for Health Care Providers certification.

Students will initially be admitted to a pre-major status. Admission to the pre-major status does not guarantee subsequent admission to the major. As a pre-major, students work with an academic advisor to assist them in completing pre-major requirements and preparing them to apply to the full major.

Special Considerations

- Once admitted, students must provide evidence of:
  - Current immunizations as required by the department.
  - National-level criminal background check.
  - Students must provide proof of health insurance prior to clinical placement.

Graduation Requirements

- Complete the General University Requirements for Associate of Applied Science Degrees (http://catalog.uaa.alaska.edu/undergraduateprograms/aasrequirements/).
- Complete the General Education Requirements for Associate of Applied Science Degrees (http://catalog.uaa.alaska.edu/undergraduateprograms/aasrequirements/generaleducationrequirements/).
- Complete the following major requirements with a minimum grade of C in all PTA courses:
