

Post-Baccalaureate Certificate in Speech- Language Pathology

Program Student Learning Outcomes

Students graduating with a Post-Baccalaureate Certificate in Speech Language Pathology will be able to:

1. Identify anatomical structures and physiological processes that support the communication and swallowing processes.
2. Describe the role of the systems of respiration, phonation, and articulation/resonance in the production of a spoken word.
3. Identify milestones in normal speech and language development.
4. Identify common disorders that affect the ability to communicate.
5. Discuss the impact of culturally and linguistically diverse backgrounds on speech and language development and determination of speech or language difference vs. disorder.
